"The One and Only"*

THE ONE AND ONLY DIAMOND PARURE

The diamond jewelry set includes a necklace, a ring, earrings and a bracelet. All exclusively handmade items consist of 169 unique small elements. Together they connect to form beautiful lines and functional mobility. This contributes to the convenience of wearing pieces and emphasizing the beautiful outlines of the female body.

The unique design that's beyond fashion and time is fascinating for its mystery. Series of hidden symbolic signs and meanings create a special appeal to the parure. Such, a crown symbolizes power and victory, forms of an eight are symbols of infinity and stability, tiger eyes symbolizes sexuality, while pearl buds - purity and perfection. All this will set a congruous mood and bring great pleasure for the owner of the parure.

Diamonds and exquisitely beautiful design make this set timeless and always fashionable. The jewelry suite is made for the most special occasions and fits even a queen.
